PROFILE

An enthusiastic, dedicated and versatile young person and excellent attitude to work. Highly motivated, reliable with experience. Currently looking for a career oriented job, hence enhancing my skill and knowledge and ready to learn new things.

EXPERIENCE

Client Manager Global [NOMANSLAND COMMUNICATIONS]

2022 to 2024

I was responsible to communicate with potential foreign clients and receive their requirements. Had to also support the clients about the IPTV software to operate efficiently. Maintaining the server, determining requirements and delivering data-driven recommendations and reports to executives. Creating a detailed business analysis, outlining problems, opportunities and solutions for respective clients. Train the support team as well.

Business Development Executive [TECH BAKSHO LLC]

2020 to 2022

My responsibility was to develop the whole business process along with their wordpress security and customization and troubleshooting clients website problems. Hire & train executives. Maintaining the WHMCS software and Web Host Manager Server of dedicated web hosting service. Research and implement SEO. Conduct meetings through zoom with foreign clients and fulfill their task requirements. Developed their intranet management system of day to day operation. Also had to work with the technical team sometimes to complete the projects in due deadline. **It is a sister concern of Nomansland Communication**

Team Lead & Trainer in Sales & Marketing [DYNAMICS BPO]

2018 to 2020

My responsibility was to do outbound calls to major states in the USA & Canada and assist them with janitorial services. After four month as I did an excellent job closing more leads, was appointed as team leader and was also responsible to train the new employee. Maintained their IT infrastructure and ERP internet dialer. It was night shift role.

Digital Marketing Specialist [BD TIMES NEWS]

2017 to 2018

I was assigned to develop strategy for digital marketing content and attract users for the website. Also I had to assist the graphics team for the social media creative. Later i was only assigned to nurturing the marketing team for further development. I followed the RACE planning framework. It is a sister concern of Nomansland Communication

Remote Job and Contractual

E-commerce Development [asthafood.com.bd]

I was hired to build their blog and both ecommerce website with wordpress platform alike khaasfood. We had to do A/B testing before going live. There was also some issue with their current hosting server which was later solved. Tighten their security through establishing firewall.

Sales Funnel Building [Grow2Infinity USA]

Website is almost dead in Europe countries. They use sales funnel which is basically an attractive landing page representing their product/services. My task was to maintain the Bangladesh team and train them to build effective sales funnel with Wordpress and Clickfunnels CMS. Guide them for catchy content and mesmerizing design also.

System Admin [Bangla Express Online]

I was assigned for, monitoring the whole system and optimize the hosting for better site performance at the users end. Optimizing the website for web crawler's bots of different search engines.

Chief Technical Officer [Tech Verse Communications Startup]

My role involves hiring and collaborating with the developer team to grasp technical complexities and create web and mobile applications. It also entails participating in foreign meetings to document design and development requirements, gathering client feedback to enhance their desired products accordingly. On the product management side, responsibilities include planning software projects, defining scope, resource allocation, setting deadlines, communication strategies, testing, and maintenance to ensure projects remain on schedule and meet deadlines.

Software's I am familiar with:

Slack Jira Zendesk Clickup Clickfunnels Hubspot Canva
Photoshop Illustrator Premier Pro Semrush Google Analytics Android Studio
Visual Basic Figma cPanel Web Host Manager Github Google Docs
Google sheet Google Slide MS Office Skype VCI-dial etc.
